Mr. A. L. Manley,
71 Crawford Street,
Newark, N. J.

Dear Manley:

The night ban on baseball in this vicinity has been lifted and thought would advise you regarding this. Better not schedule anymore games before our season closes here, as if it rains we have to play regardless of the circumstances in order to complete our schedule. Of course the game of August 30th is all right but not after that date.

You can start your games anytime you please from now on.

Very truly yours,

H. P. Dawson.
